MATERNITY
BY KIMAL

Built around the way you work.

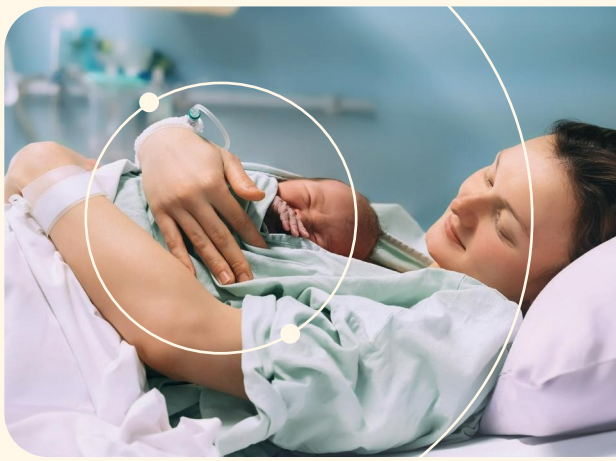

YOUR PROCEDURE. YOUR PREFERENCES. YOUR PACK.

Established maternity procedure packs, tailored to your requirements.

In maternity care, having the right components ready when they're needed can help simplify preparation and keep the focus where it belongs – on mother and baby.

Maternity by Kimal combines decades of procedure pack expertise with specialist maternity knowledge to create packs around the way individual maternity teams work.

ONE PACK DOESN'T FIT EVERY MATERNITY TEAM

Every maternity service is different. Local pathways, clinical preferences, stock requirements and budgets can all influence what teams need for a particular procedure.

START WITH AN ESTABLISHED PACK

Choose from our established maternity procedure pack configurations.

TAILOR IT TO YOUR TEAM

Adapt the contents around your procedure, local pathways and clinical preferences.

OR BUILD YOUR OWN

Work with us to create a bespoke maternity pack from the ground up.

EVERYTHING YOU NEED. NOTHING YOU DON'T.

One convenient solution, built around your maternity team.

MATERNITY
BY KIMAL

Built around what you actually need.

SIMPLIFY PREPARATION

Bring agreed components together in one convenient pack, helping reduce the need to gather individual items.

CHOOSE WHAT WORKS FOR YOUR TEAM

Review what's included and select the components your team genuinely needs – without automatically including those it doesn't.

BALANCE PREFERENCE AND BUDGET

Competitive pricing and the flexibility to adapt your pack as requirements evolve can help balance clinical preference, practical requirements and budget.

Supporting maternity teams across

Caesarean Section | Obstetric Delivery | Assisted Delivery | Perineal Repair
Epidural Procedures | PPH Management | Bespoke Maternity Procedures
